

Technocel Reveals New Carrying Solutions for iPhone, Palm and BlackBerry Users

Holster/Shield Combo

Slider Skins

Rib-Cage™ Shields

LAS VEGAS CES, South Hall Upper Level Booth # 30913 – (January 6, 2010) –

Technocel, a leading accessory solution provider with over 11,000 products for the wireless market, reveals their latest line of cases for iPhone, Palm and BlackBerry users including Slider Skins, the Holster/Shield Combo and the Rib-Cage™. Providing a stylish design that blends into your handset, these cases are currently available for MSRP \$19.99 (Slider Skins), MSRP \$39.99 (Holster/Shield Combo) and MSRP \$29.99 (Rib-Cage Shields) at www.technocel.com and Sprint stores.

“We are happy to release a line of new protective case options for iPhone, Palm and Blackberry users” says Rami Rostami, Technocel CEO and Founder. “We designed these accessories with materials that will protect your mobile devices as well as blend perfectly into the handset design.”

Slider Skins

The Slider Skins feature a high gloss water resistant smooth material and a design that blends perfectly into the shape of your handset. These skins will slide easily in and out of your pockets versus the typical silicone material that catches on most clothing. The Slider Skins will be available in a variety of colors and designs for the iPhone 3G, iPhone 3GS, Palm Pixi and most Blackberry phones.

Holster/Shield Combo

The Holster/Shield Combo combines a hard-plastic accent shield with a matching holster for BlackBerry Curve 2 and Storm 2 phones. Both pieces come wrapped in your choice of two materials, leather or carbon fiber. The Holster/Shield Combo provides the protection and style for your handset when in use and when stored on your hip.

Rib-Cage™ Shields

The Rib-Cage Shields are high impact plastic shields featuring interchangeable faceplates for protecting the BlackBerry Curve 2. The shield body is available in either transparent or soft touch black and the faceplates come in a variety of soft touch and high gloss colors.
